

True Roots Medical Spa Introduces FDA-Cleared Laser Treatment for Men's Hair Restoration in Los Angeles

LOS ANGELES, CA, UNITED STATES, August 21, 2025 /EINPresswire.com/ -- True Roots, a medical spa specializing in men's hair restoration, now offers the first and only FDA-cleared laser treatment for hair restoration at its Los Angeles facility. The non-invasive treatment provides an alternative to surgical procedures and chemical treatments for men experiencing hair loss.

The [FDA-cleared laser technology](#) represents a significant advancement in the hair loss treatment industry, offering patients a non-surgical option that produces natural results without the use of chemicals or invasive procedures.

In addition to hair restoration services, True Roots provides comprehensive men's health and aesthetic treatments, including advanced hair removal laser treatments, testosterone therapy, and IV therapy services featuring NAD+ infusions. The medical spa's focus on male-specific treatments addresses the growing demand for specialized men's wellness and aesthetic services.

The facility combines multiple treatment modalities under one roof, allowing patients to address various health and aesthetic concerns in a single location. The [hair restoration treatments](#) utilize the latest FDA-cleared technology to help men achieve their desired results through non-invasive methods.
