

Derm One Introduces the Matrix® Skin Renewal Platform: A Revolutionary Approach to Skin Health

BLUEFIELD, VA, UNITED STATES, August 21, 2025 /EINPresswire.com/ -- [Derm One](#) is proud to announce the addition of the Candela Matrix® platform to its comprehensive suite of aesthetic services. This groundbreaking system is redefining the future of non-surgical skin renewal with science-backed technology designed to meet the evolving skin needs of patients across all ages and skin tones.

About the Matrix® Platform

More than just RF microneedling, the Matrix® system is a complete skin renewal platform that redefines the approach to non-surgical aesthetic care. This all-in-one system is built to deliver personalized treatments across multiple skin layers, targeting tone, texture, and laxity. Its advanced, real-time impedance monitoring ensures each pulse is perfectly calibrated for consistent results. By stimulating natural collagen production and adapting to each patient's unique skin concerns, Matrix® empowers Derm One to achieve visible, natural-looking outcomes with greater confidence in every treatment.

Using three complementary technologies, the Matrix® platform allows Derm One to treat diverse skin concerns across all skin layers with one treatment name, The Matrix Treatment:

- RF Microneedling: Stimulates collagen with precision at up to three depths in one insertion for wrinkle reduction, skin tightening, and volume restoration.
- Fractional Resurfacing & Ablation: Improves texture and tone by delivering fractionated bipolar RF energy to resurface skin and reduce fine lines and wrinkles.
- Bulk Heating: Combines infrared and bipolar RF energies to smooth superficial and deeper dermal layers without needles or downtime.

Matrix® treatments address a wide variety of skin concerns in a single, efficient system—boosting patient satisfaction and practice performance.

Derm One Team with Matrix®

I'm thrilled to bring the Matrix® Pro's cutting-edge technology and versatile range of handpieces into our practice...to offer highly customized treatments with results I know our patients will love."

What Makes Matrix® Different?

Matrix® reframes aesthetic care from a technology-centric narrative to an outcome-driven solution. It treats the most common concerns such as skin laxity, fine lines and wrinkles, sagging, and uneven tone while offering benefits like:

- Customized treatments for all skin tones and types
- Visible results with minimal downtime
- Consistent and predictable energy delivery

The Matrix® platform offers preventive care for younger skin, restorative treatments for midlife concerns, and

collagen-boosting renewal for more mature skin.

Derm One: Dedicated to Transformative Care

"I'm thrilled to bring the Matrix® Pro's cutting-edge technology and versatile range of handpieces into our practice. There's truly nothing like it in our area, and it allows us to offer highly customized treatments with results I know our patients will love," said Adam Meade, FNP-BC of Derm One.

Whether patients are seeking to refine skin texture, reduce fine lines and wrinkles, sculpt the jawline, or restore lost volume, Matrix® Treatments provide visible, natural-looking results tailored to each individual's unique skin journey. Derm One is the premier destination to begin the Matrix® experience.

At Derm One, patients can discover how Matrix® Treatments help achieve radiant, youthful-looking skin with confidence. For more information or to schedule a consultation, visit <https://www.dermoneva.com/> or call 866-878-0031.
