

Less Than 4 Weeks to Go: The 4th SOS Conference - Driving the Future of Automotive Security on September 18

Join global experts at SOS 2025 for in-depth sessions on automotive cybersecurity, interactive panels, and insights from over 40 industry leaders.

MI, UNITED STATES, August 26, 2025

/EINPresswire.com/ -- With the

countdown on, the automotive security community is buzzing with anticipation for the 4th Annual [Secure Our Streets](#)

(SOS) Conference. Taking place virtually

on September 18, 2025, the event has already drawn more than 1,000+ registered participants worldwide, including innovators, researchers, and professionals committed to solving critical cybersecurity challenges.

Hosted by the Automotive Security Research Group ([ASRG](#)), [SOS 2025](#) is a non-profit initiative dedicated to fostering collaboration, knowledge sharing, and innovation in securing connected vehicles. Now in its fourth year as a fully virtual event, the conference allows participants from around the world to attend sessions, connect with experts, and engage in discussions - without the constraints of travel.

Key sponsors this year include:

- Alpitronic GmbH <https://www.alpitronic.it/en/>
- Itemis <https://www.itemis.com//>
- FOSSA <https://fossa.com/>
- CYEQT <https://www.cyeqt.com/>

What to Expect at SOS 2025:

- Keynote Speakers: Dr. Mathias Dehm (Continental) and Robert Kaster (Bosch)
- Panel Discussions: Industry leaders address the State of the Industry and Cybersecurity in UNECE R155 Agricultural-Relevant Vehicles

**SECURE
