Known for their sustainable farming practices and unwavering commitment to providing high-quality dairy products to the community, Cottonwood Dairy boasts a herd of 950-1,000 Holstein cows. It utilizes 1,300 acres of farmland to grow premium feed, ensuring the freshest and finest ingredients for Country Creamery's delectable treats.

The love for sustainable farming and fresh, wholesome dairy products is evident in every scoop of hand-stirred ice cream and in every freshly made waffle cone, meticulously crafted and prepared by owners Kyle and Carly, who use only the finest ingredients and no artificial flavors. With 11 Forever Flavors and two Seasonal Flavors for each season of the year, including the favorite Campfire S'more, customers can indulge in a delightful array of mouthwatering options.

Country Creamery, which initially opened its doors inside The Grid in Fallon in May 2024, will now find a second home inside the RED, offering a truly authentic ice cream experience that embodies a commitment to sustainable farming and superior quality. As part of the vibrant RED
