

# Grupo Herrera Catering & Events Highlights 2025 Wedding and Event Catering Trends: Culture, Comfort, and Customization

HOUSTON, TX, UNITED STATES, August 27, 2025 /EINPresswire.com/ -- Grupo Herrera Catering & Events, a family-owned [catering company](#) serving Houston and the surrounding areas, is sharing some of their top catering trends shaping [weddings and special events](#) in 2025. More than ever, couples and event hosts are looking for menus that celebrate culture, provide comfort, and allow for complete customization to match their unique vision.

"As folks plan their weddings or events this year, they've wanted food that reflects who they are and what matters to them," said Dario Herrera, one of the owners of Grupo Herrera Catering & Events. "It is no longer just about feeding guests. It is about creating a dining experience that feels personal and memorable."

## Celebrating Culture Through Food

Houston's diversity continues to shape catering menus. Grupo Herrera Catering & Events is seeing more couples and hosts request dishes tied to their heritage, from Mexican and Tex-Mex favorites to Italian classics and global-inspired appetizers. With roots in multiple restaurant concepts, the Herreras have found hosts to be delighted that they can supply a variety of cuisines and authentic flavors to answer this desire.

## Comfort Food with a Fresh Approach

"In 2025 we have also seen comfort food remain popular, but transform with a gourmet upgrade", says Dario. Elevated tacos, sliders, and pasta dishes made with premium ingredients have been very popular. "Since we prepare everything from scratch we've been able to add unique ingredients and execute favorites differently so they feel familiar yet refined and event guests have loved it".

### Customization at Every Step

Personalization has been at the heart of 2025 celebrations. From signature cocktails to custom dessert tables, couples and hosts want menus that reflect their style and preferences. "As something highly requested, we have really focused on customization this year. We've refined our offerings to include flexible bar services, hand-crafted desserts, and tailored menus with this in mind", confirmed Dario.

Grupo Herrera Catering & Events was founded as part of the Herrera family's long-standing passion for hospitality and dining. Founder David Herrera, who immigrated to Houston from El Salvador in 1979, built a restaurant legacy with his wife Alicia and their sons. Today, that same dedication to quality and service is at the heart of their catering division, which serves weddings, [private events](#), and corporate functions throughout greater Houston.

"Every event we cater is an extension of our family's commitment to creating moments that last," added Dario. "Food has always brought people together, and in 2025, culture, comfort, and customization are at the center of every great celebration."
