consumer attorneys from across the country will descend on Las Vegas for the annual legal conference. [Weber Legal Nurse Consulting](#) CEO Silvia Aninye, who is an affiliated member of CAALA (Consumer Attorneys Association of Los Angeles), will attend and also have a booth in the Cristal Ballroom at The Wynn, August 28-31.

Aninye says, “Personal Injury attorneys or consumer attorneys are not ‘ambulance chasers’ but professionals

who represent people at the worst time of their lives. Many of the clients are suffering from serious injuries and hitting a brick wall when they go up against insurance companies. Whether it is a personal injury case, a malpractice suit, or a workers’ comp claim; these people deserve proper representation.”

Legal Nurse Consultants and RNs from Weber Legal Nurse Consulting have attended more than 7,000 defense medical exams across the country, including in Nevada. They are the attorneys’ eyes and ears in patient exams. Aninye says, “The relationship between Legal Nurse Consultants and personal injury attorneys is like a good marriage.” Aninye adds, “Millions of injured people rely on personal injury attorneys and Legal Nurse Consultants.”

Attendees and media will find Aninye at Booth #135 where she can answer questions about the role of the LNC, the working relationship between LNCs and attorneys, and patient advocacy. Aninye has some interesting stories to share about her life as an RN/LNC, running a nationwide LNC firm, and her early life in Germany and Nigeria. She has experienced the national healthcare system of Germany firsthand and she can address the healthcare drought in Nigeria, a country of more than 237 million people who have no health insurance and must pay for medical care in cash.
