

Wild West Ballads Releases 'Tombstone's Last Stand' A Musical Journey Through Gunfights, Legends, and the Old West

13 original Western ballads tell the true stories of Wyatt Earp, Doc Holliday, Johnny Ringo, and the legends of Tombstone — based on history, not Hollywood.

GRAND JUNCTION, CO, UNITED STATES, September 9, 2025 /EINPresswire.com/ -- The 13 tracks cover infamous figures such as Curly Bill Brocius, Johnny Ringo, Doc Holliday, and Wyatt Earp, culminating in the legendary Gunfight at the O.K. Corral. Each ballad combines historical research with vivid storytelling, offering listeners a musical journey through the streets of Tombstone, Arizona. The songs are based on historical facts and documented accounts — not the Hollywood movie "Tombstone" — ensuring an authentic perspective on the people and events of the Old West.

Tombstone's Last Stand: 13 Ballads – Album Cover

Wild West Ballads, LLC proudly introduces a new sub-genre of country music: Wild West Country™ — historically grounded ballads that blend authentic frontier storytelling with the heart of country music. Each track brings to life the grit, grace, and legends of the American West, setting Wild West Ballads apart as pioneers of this emerging style.

The project was developed by Rick Kennerknecht, who wrote all lyrics, in collaboration with Peter Sherayko, whose deep knowledge of Old West firearms and culture informed the historical detail. The album was produced by Wild West Ballads, LLC, ensuring that both the storytelling and the sound remain true to the spirit of the frontier.

"Every song is written to stand on its own, but together they tell the broader story of a town too tough to die," said Kennerknecht. "Tombstone isn't just history — it's a living legend, and this

These songs bring Tombstone's history to life through music, rooted in fact not film."
