

CLEARPATH LEARNING GROUP HONORED WITH FOUR GOLDS FOR TRANSFORMATIVE LEARNING ACROSS DIVERSE INDUSTRIES

From fintech to humanitarian aid, one approach powers performance-driven learning.

KNOXVILLE, TN, UNITED STATES, August 26, 2025 /EINPresswire.com/ -- [Clearpath Learning Group](#), the strategy-first Learning & Development partner known for its performance-driven programs, has earned four Gold Brandon Hall Group™ HCM Excellence Awards for work with [Allvue Systems](#) and the [American Red Cross](#).

The awards recognize Clearpath's impact across Learning & Development and Leadership Training:

Gold | Best Unique or Innovative L&D Program in collaboration with Allvue Systems

Gold | Best Use of AI for Learning in collaboration with Allvue Systems

Gold | Best Development Program for Frontline Leaders in collaboration with the American Red Cross

"Every organization has its own story, and every solution should honor that," said Jenn Kammerdiener, CEO, Founder, and Lead Practitioner at Clearpath. "Learning is a strategy. We start by uncovering what will most directly impact performance, then design intentionally, building systems that strengthen people and organizations from the inside out."

“

Every organization has its own story, and every solution should honor that.”

Jenn Kammerdiener

"Trends come and go, but the work we do is always about the people." Kammerdiener continued. "Whether it's a fintech powerhouse or a global humanitarian non-profit, our process is consistent: we dig deep, define what others often overlook, and create learning that's practical, relevant, and scalable. That's the kind of learning that proves its value over time."

"Being recognized for our work with two very different partners reflects who we are as a company," she added. "Our diversity as a team makes us a natural fit for a wide range of industries and organization types. We think differently. It's just great that our designs for AI-enabled programs and volunteer disaster response training can be celebrated side by side. In this space, the challenges are complex, but the goal is fairly straightforward. We empower people to perform at their best, no matter the context."
