

Access Fixtures Brings US Open–Level Dark Sky-Friendly Tennis Court Lighting to Municipal, Club, and Residential Courts

Access Fixtures designs Dark Sky-friendly tennis court lighting with full cutoff 3000K LEDs, delivering US Open-style performance for every level of play.

WORCESTER, MA, UNITED STATES, August 26, 2025 /EINPresswire.com/ -- Access Fixtures, a leading provider of commercial, industrial, and sports lighting solutions, announces its Dark Sky Compliant [Lights for Tennis Courts](#), designed for municipal, club, and residential courts. [Access Fixtures LED tennis court lighting](#) meets US Open standards, delivering pro-level performance with Dark Sky-compliant design to reduce glare and protect the night sky.

Professional-Level Lighting

Dark Sky-friendly lights for tennis courts deliver US Open-style performance for municipal, club, and residential courts. Access Fixtures' [ASTA LED sports light fixtures](#) provide bright, uniform illumination with 3000K LEDs, ensuring players and spectators enjoy natural, visually comfortable light. Full cutoff optics focus light on the court surface, eliminating glare and dark spots, replicating professional standards for any facility.

Reduced Glare and Light Spill

ASTA fixtures are engineered to minimize light spill and glare, protecting neighbors and the night sky. The full cutoff design ensures that all light is directed downward and outward, precisely onto the court, while limiting environmental impact. This helps facilities balance high-performance play with community-friendly and environmentally responsible lighting.

ASTA - LED Sports Light Illuminating a Tennis Court

Compliance and Sustainability
Dark Sky-friendly lights for tennis courts meet municipal standards, adhere to International Dark Sky Association (IDA) guidelines, and improve energy efficiency. ASTA fixtures are rated L70 @ 200,000 hours, providing long-lasting performance with reduced maintenance and energy consumption, making them ideal for sustainable installations of any scale.

Dark Sky lights for tennis courts allow facilities to achieve US Open-level illumination while protecting the environment,” said Steven Rothschild, CEO of Access Fixtures. “Access Fixtures' ASTA LED sports lights give municipalities, clubs, and homeowners the ability to combine performance, compliance, and sustainability.”
