

Celebrating the Canvas of the Emirates: drawdeck's Vision for #ArtforEveryone

Leading UAE Wall Art Brand Showcases Trending Collections, Reinforcing Commitment to Quality, Artist Empowerment, and Accessible Artistry Across the Region

DUBAI, DUBAI, UNITED ARAB EMIRATES, August 27, 2025 /EINPresswire.com/ -- In a city where cultures converge, art must do more than decorate — it must resonate.

With the rising number of expatriates making the UAE their temporary or permanent home, there's a growing demand for contemporary artwork that reflects their diverse backgrounds, previous cities, and personal histories. People want art that feels familiar — that reminds them of where they've come from while helping them feel at home in a new place.

At the same time, with most residents renting rather than owning, the need for affordable, versatile, and meaningful artwork is more pressing than ever. People are looking for pieces that elevate their space without long-term commitments or high price tags.

In an era dominated by AI-generated art and questionable online sellers, trust and authenticity matter. Customers are increasingly seeking reliable, human-curated collections that offer both emotional connection and creative integrity.

Bridging Cultures Through Curated Art: drawdeck's mission is to bridge that gap — delivering accessible, culture-rich artwork that people can trust and connect with, no matter where they're from or where they're headed next.

Founded in 2013, drawdeck began with a vision to create an online platform and marketplace for affordable artwork, specifically designed to support local artists and address the limited choices for diverse, accessible art in the region. Since the launch of its marketplace in 2016, drawdeck has experienced remarkable growth, reporting a 400% increase. This success is

attributed to its evolution into a consciously curated marketplace, led by founders Alex Dunn and David Hammond, who ensures a selection of quality and curated art. The company's strategic vertical integration, including the acquisition of its own printing and framing facilities, further underscores its commitment to delivering the best in quality that withstands the "ever changing weather" of the region. This dedication to quality and curated selection has cemented drawdeck's reputation, making it a trusted name in the art market.

To further enrich its catalog, drawdeck proudly collaborates with acclaimed international artists such as Henry Rivers, known for his vintage travel posters and architectural charm; Dan Hobday, celebrated for his minimalist abstract compositions; and Eniko Katalin Eged, whose textured, nature-inspired works bring calming depth to contemporary spaces. By bringing these globally recognized names into the [UAE art](#) scene, drawdeck ensures customers have access to world-class creativity right at their fingertips.
