# ANY.RUN Exposes August 2025's Top Cyber Threats Targeting Global Industries

DUBAI, DUBAI, UNITED ARAB EMIRATES, August 26, 2025 /EINPresswire.com/ -- ANY.RUN, a leading provider of interactive malware analysis and threat intelligence, has released its August 2025 threat roundup, exposing three major attacks targeting enterprises and critical industries worldwide.

Phishing kits and stealers dominated the month with new tactics to bypass defenses and overwhelm analysts, but the research team showed how these campaigns can be safely uncovered before causing costly business damage.
