About Isah Velita:

Isah Velita is a dedicated advocate for healthcare reform, focusing on organizational systems and addressing broader U.S. healthcare challenges. Her work is driven by a personal health journey that revealed critical flaws in traditional medical approaches, leading her to embrace holistic and functional medicine alternatives.

Isah has raised awareness of systemic issues such as the prevalence of chronic illness, the mental health crisis among healthcare professionals, and the often-prohibitive costs of alternative treatments. Through successful grassroots advocacy, she has influenced policy changes and is considering establishing a nonprofit organization to support healthcare reform efforts.

A keynote speaker at the 2025 SuccessLIVE! event in Los Angeles, CA, Isah joined a distinguished roster of global experts including legendary author Jack Canfield.

Driven by a vision to make a lasting global impact, her advocacy is fueled by the belief that
