

Pegasus 500 Pro Floor Extractor Delivers Highest Cleaning Power Increases Professional Jan-San Productivity and Revenue

New U.S. Products Pegasus 500 Pro combines innovative high lift, 500+ PSI, and portability that allows Jan-San operations clean more square footage faster.

VANCOUVER, WA, UNITED STATES, August 28, 2025 /EINPresswire.com/ -- U.S. Products, the leader in commercial Jan-San cleaning Extractors and the long-time manufacturer of Jon-Don Prospector and EZ Spot Extractors, today launched the company's innovative, portable new floor extractor, the Pegasus 500 Pro. The Pegasus 500 Pro's high-power and lift, compact chassis and a dual vacuum allows professional building contractors to clean and dry more surface area in less time.

The new Pegasus 500 Pro Extractor is more portable, with stronger lift and faster carpet cleaning drying time than any other products on the market. The Pegasus 500 Pro helps commercial cleaning operations improve their productivity and revenue by cleaning and finishing more square footage in a day.

"The Pegasus 500 Pro allows building service contractors to have an incredibly powerful and portable floor cleaning extractor that lets them take on larger jobs and complete the floor cleaning with greater speed, efficiency, and productivity," said Jonathan Smalley, U.S. Products CEO. "The Pegasus 500 Pro makes large floor cleaning a breeze."

Jan-San Operations Require High-Power Professional Extractors

Professional cleaning operations must be able to reach, clean and restore all surface types in all areas, including: office spaces, residential facilities, high traffic areas, and stairwells. Varying carpets and floors require different pressure to clean – but not damage -- these surfaces.

The Pegasus 500H is strong, fast-heating and capable of any floor cleaning job. Pegasus 500H has a 3-stage dual vacuum that's capable of up to 100" of water lift, 12 gallon capacity, adjustable pressures of 50 PSI to 500 PSI, and is built with a powerful

Adjustable psi extraction systems allow cleaners to scale cleaning to the exact amount of pressure needed to deep-clean all surface areas in a facility.

The best portable, efficient extraction systems, such as the Pegasus 500 Pro, are designed to be compact, and provide continuous operation so that cleaning crews can touch-free clean and restore surfaces from carpet and upholstery, to hard surfaces.

About the U.S. Products Pegasus 500 Pro

The new Pegasus 500 Pro Extractor includes a dual vacuum and an

adjustable 0-500 psi output that will deep clean even the most stubborn carpets. The Pegasus 500 Pro includes a large 12 Gallon Capacity, a 1750W in-line heater, and 100 degrees of lift that cuts cycle time and quickly recovers water. This reduces commercial floor cleaning drying time and allows operators to clean and finish incrementally more square footage per day.

“

Pegasus 500 Pro gives building service contractors an incredibly powerful, portable extractor that lets them take on larger jobs and complete floor cleaning with greater efficiency, and productivity,”

*Jonathan Smalley, U.S.
Products CEO*

U.S. Products created the new Pegasus 500 Pro as a lighter, faster more compact update to the highly-acclaimed U.S. Products Pegasus 500. The Pegasus 500 won numerous industry awards including the prestigious Facilities Cleaning Decisions Readers' Choice Award.

“Thousands of professional cleaners contacted us to develop a new portable, high-power extractor for their mid-size and multi-site jobs,” added Smalley. “The Pegasus 500 Pro delivers the most affordable, durable, 500 PSI floor

cleaning solution that helps them do more, faster.”

Pegasus 500 Pro Pricing and Availability
