The "When Feeling Blue Think Yellow" Honoring Our Everyday Heroes event is a call to action to the community to honor bravery while breaking stigma around mental health.

"Our first responders, military, and community heroes are often the first to show up for us in times of crisis, whether battling fires, saving lives, or holding the line when chaos strikes," said Amour Delus, CEO/Founder of The Monique Woolley Foundation. In her memory, Delus, her mother, launched the #WhenFeelingBlueThinkYellow movement, shining a light on mental health, celebrating everyday heroes, and transforming pain into purpose.
