

New U.S. Products Pro-Start Extractor Gives Startup Jan-San Professionals a Business Boost

Powerful, portable, versatile, value-priced Pro-Start Extractor helps emerging floor cleaning businesses get profitable fast.

VANCOUVER, WA, UNITED STATES, August 28, 2025 /EINPresswire.com/ -- U.S. Products, the leader in commercial Jan-San cleaning Extractors and the long-time manufacturer of Jon-Don Prospector and EZ Spot Extractors, today launched its Pro-Start™ Extractor. The new Pro Start Extractor is an entry-level professional floor cleaning extractor that gives start-up Jan-San floor cleaning businesses a fast, high-power, affordable professional-grade machine that can help their business get up and running quickly.

The U.S. Products Pro-Start Extractor is a portable, lightweight, easy-to-use floor cleaning machine that creates fast, deep cleaning via a single power cord, 220 PSI, 145-inch lift, dual two-stage motor and an eight-gallon tank. The Pro-Start Extractor package includes \$400 value Trident Wand and 15-foot hose.

The new Pro Start Extractor gives start-up Jan-San floor cleaning businesses an affordable, high-power, lightweight, easy-to-use, professional-grade machine that gets an operation up and running quickly. The Pro Start Extractor delivers easy-to-use, porta

Start-up floor cleaning operations can utilize the Pro-Start Extractor to efficiently clean carpets in small-to-mid sized businesses, hotels, residential facilities, house cleaning, and high-traffic areas. The new Pro-Start Extractor is ideal for tight spaces, stairwells, and smaller buildings where portability and power are important to complete a job fast and efficiently.

“We designed the Pro-Start system to help new professional cleaning operations and building

contractors get going quickly, and handle their toughest floor cleaning challenges, faster, easier and with more efficiency,” said Jonathan Smalley, U.S. Products CEO. “A fast extractor gets your cleaning business making money quickly. And the new Pro-Start Extractor gives new floor cleaning businesses a high lift, high PSI, high value cleaning tool, with everything they need to get going fast.”

Jan-San Operations Require High-Power Professional Extractors

Professional cleaning operations must be able to reach, clean and restore all surface types in all areas, including small rooms, confined areas, and stairwells. Varying carpets and floors require different pressure to clean – but not damage -- these surfaces. The best portable, efficient extraction systems are designed to be compact, and provide continuous operation so that cleaning crews can touch-free clean and restore surfaces from carpet and upholstery,

The U.S. Products dual vacuum extractors and wands increase cleaning ability and reduce drying time 20 percent greater than any products on the market.

U.S. Products is the leader in design and production of commercial, professional grade Jan-San cleaning and restoration extractors. The U.S. Products extractors are used by thousands of commercial cleaning departments to increase compliance, cleanliness a
