beginning in October in preparation for Heyl Family Practice's opening, creating a welcoming and patient-focused environment. While the practice will occupy a significant portion of the facility, other businesses and services will continue to operate in the building. The team anticipates beginning to accept new patients in the coming months, with care officially transitioning to the new location in the new year.

In addition to outpatient services, Heyl Family Practice began providing care for personal care and skilled nursing facility residents on the St. Barnabas campus on August 18th. This integration enhances continuity of care as

patients' needs evolve and includes on-site provider support, coordination with hospital systems such as UPMC Passavant, and long-term care management with outpatient follow-up through the new office.
