

# 3rd International Congress on Inherited Blood Disorders

*Two Days of Virtual Empowerment, Capacity Building & Networking at the 3rd International Congress on Inherited Blood Disorders*

THORNTON, ONTARIO, CANADA, August 28, 2025 /EINPresswire.com/ -- The Global Action Network for Sickle Cell & Other Inherited Blood Disorders (GANSID) holds its 3rd International Congress on Sickle Cell and Inherited Blood Disorders (IBDs) on November 14–15, 2025 with a distinguished slate of world-class speakers leading the congress, and offering their exclusive insights and expertise.

The [GANSID Congress 2025](#) is more than a congress; it's a movement to advance inherited blood disorders (IBDs) and improve the health outcomes of people affected by this class of disorders across low, middle, and high-resource countries. At this year's global gathering, attendees can expect two days of high-impact abstract presentations, plenary sessions, and simultaneous clinician and patient sessions, along with excellent networking opportunities. available only to registered participants.

Among other topics, and based on varied tracks, the attendees will learn about:  
The Future of Gene Therapy in Inherited Blood Disorders;  
Hot Innovation in Sickle Cell Pain Management;

Early Bird Registration
