

# Full-Mouth Dental Implants Help Local Woman Reclaim Her Smile

*A local woman's life has been transformed thanks to full mouth dental implants at Facial Designs. Her story is one of hope, healing, and the power of a smile.*

EXCELSIOR, MN, UNITED STATES, August 28, 2025 /EINPresswire.com/ -- A local woman's life has been transformed thanks to full mouth dental implants at Facial Designs, which operates in both Minnetonka and Excelsior. [Connie's story is one of hope](#), healing, and the power of a smile.

After years of living with gum disease that led to tooth loss, Connie found her confidence slipping away. "I was always somebody who smiled," she said. "It reached a point where I wasn't smiling anymore because I was embarrassed about the appearance of my mouth. I was trying to keep my mouth as closed as I could while having conversations."

Her journey to restoration wasn't without challenges. Other dental offices left her feeling unwelcome and discouraged. That changed the moment she walked into Facial Designs. "I didn't feel like an outsider coming into their fold, I felt like I was already part of their family," she said.

With the support of Facial Designs' compassionate team, Connie received [full-mouth dental implants](#) that gave her more than just a functional smile. "I'm not afraid to look at myself anymore. I'm over the moon, happy and excited about this journey and making the investment in myself."

Friends, family, and coworkers have noticed the transformation. Her daughter's reaction summed it up best: "Wow, what a difference."

Facial Designs' mission is to provide life-changing care for those living with [missing teeth](#), gum
