Ke'Yanna, who was born and raised in South Bay, is taking a significant step toward changing her family's future. As a single mother of two young children, Ke'Yanna has worked hard to provide stability and security for her kids. She has always had a passion for cooking and once dreamed to be a chef. However, Ke'Yanna is now taking steps to become a teacher to positively influence others. While she has had to balance a demanding job, she's eager to engage more in her community and is grateful for the chance to grow provided through Habitat's Homeownership Program. Ke'Yanna's journey with Habitat wasn't just about building a home, it was about creating a legacy. Inspired by the support she's received; she plans to give back and help others who are in a similar position. With determination

and gratitude, Ke'Yanna is ready to make this house a place where her family can thrive and looks forward to what the future holds.

“I still cannot believe I am a homeowner, and I am standing right in front of my home.” said Ke'Yanna on Friday during her home dedication ceremony. “I am grateful and overjoyed.”

The home, located at 460121 NW 10th Ave, South Bay, is the 15th local Habitat for Humanity

home sponsored by Boca West Country Club over the last 14 years, helping to provide affordable homes earned by a hard-working family.

“Our board members were absolutely thrilled to celebrate this home dedication with Ke’yanna and her family, along with the team at Habitat for Humanity and the other partners and volunteers,” said Matthew Linderman, CCM, President, COO and General Manager of Boca West Country Club. “Giving back to the community is so important to our members and we are so proud to have established a legacy of investing in programs that have the power to change lives.”

Habitat for Humanity South Palm Beach County was incorporated as a nonprofit organization in 1991 and supports the communities of Boca Raton, Boynton Beach and Delray Beach. The Habitat process goes back to the traditional values of reward through effort. Each partner family is required to pay back the actual cost of the home through a non-interest-bearing mortgage, with monthly payments of principal, taxes, and insurance. The system is designed to build self-esteem in the partner families.
