ABOUT TWO RIVERS MANSION:

The historic mansion, located next to the original 1802 Federal Style brick home on the property, was originally completed in 1859 by David McGavock after an 8-year build, was inhabited by the McGavock family for three generations until 1965 and purchased by the Metropolitan Government of Nashville in 1966. Two Rivers Mansion is one of the earliest and best preserved of the early Italianate houses in Middle Tennessee, was part of an 1100-acre plantation located on fertile, rolling land between the Stones and Cumberland Rivers. The Junction of the two rivers suggested the name given to the place by an early owner, William Harding.

ABOUT FRIENDS OF TWO RIVERS:

Friends of Two Rivers was established in 2010 to protect, preserve, restore, and promote the historic Two Rivers Mansion in partnership with the Metro Parks Department and the Metro Historical Commission. The organization was officially incorporated on August 20, 2010, and received 501(c)(3) tax-exempt status later that year. Since then, its mission has expanded to include the historic Stone Hall site, located on the scenic bluffs of the Stones River. Today, Friends of Two Rivers is dedicated to honoring and sharing Nashville's rich past by preserving these treasured landmarks through community engagement, fundraising, and educational initiatives.
