About Chickenhare

Chickenhare is a wildly original adventure-comedy franchise that hatched from the imaginative mind of comic book creator Chris Grine. First introduced in a series of graphic novels blending quirky humor, heartfelt storytelling, and fantastical worlds, Chickenhare quickly gained a devoted fan base with its one-of-a-kind hero—a half-chicken, half-hare with a whole lot of heart.

The leap from page to screen came with Chickenhare and the Hamster of Darkness, a CGI-animated feature film produced by nWave Studios. The film brought the beloved character and his world to life in a bold, family-friendly adventure full of action, charm, and visual flair. Its success extended the franchise's reach, inspiring a new wave of fans and a video game adaptation that lets players jump into Chickenhare's shoes for their own daring quests. The next movie, Chickenhare and the Secret of the Groundhog, is set to hit theaters in Europe and the rest of the World starting in October 2025, promising even bigger adventures, familiar faces, and a galaxy of new surprises.

With a growing universe of stories and fans, Chickenhare continues to celebrate bravery, friendship, and being unapologetically different—whether on the page, the screen, or in the game
