Hatcher+ and FundBank Team Up to Offer "Instant" Fund Structuring and Banking Services to Fund Managers and Administrators

"For years, asset managers have been searching for ways to reduce the time needed to create funds, and open bank accounts. This combination of AI-powered legaltech powered by Hatcher+, and technology-enabled fast setup of IBANs by FundBank, represents a much-needed breakthrough approach that we believe will transform the asset management landscape in Luxembourg," said John Sharp, Managing Partner of Hatcher+

For Steve David, CEO of FundBank Europe S.A., FundBuilder, powered by FundBank and Hatcher+, represents a natural evolution of the services it currently offers to the bank's core customers: fund managers and administrators.

"We are delighted to be teaming up with Hatcher+ to launch FundBuilder and our FAAST IBAN service. Today's generation of fund managers and administrators are demanding faster delivery of financial services, including fund structures and bank accounts. FundBuilder is proof that AI, advanced legaltech, and business process automation can significantly reduce the time needed to deliver these critical services. We're confident that our Luxembourg clients will enjoy this new,

tech-enabled approach to fund and bank account creation," said David.

In addition to Luxembourg SiCAVs, SCSPs, and SARLs – the most commonly-used structures in the Luxembourg ecosystem – FundBuilder also offers fast generation of structures for customers looking to set up funds and SPVs in leading financial centers including the Abu Dhabi Global Market, Cayman Islands, Dubai International Financial Centre, Hong Kong, Ireland, Singapore, and the US.

Built in partnership with leading law firms and service providers, FundBuilder also includes a Service Provider Hub – an integrated marketplace designed to enable the swift selection and appointment of leading Luxembourg-based fund managers, administrators, law firms, audit firms, and other service providers, by asset managers and fund sponsors.
