

Signature Glass Expands Retrofit Window Services in Monterey to Boost Energy Efficiency

Salinas window specialist promotes energy-saving retrofits for Monterey & Salinas homeowners aiming to cut bills and boost comfort year-round.

MONTEREY, CA, UNITED STATES, October 6, 2025 /EINPresswire.com/ -- Signature Glass and Windows, Inc., a window installation and glass specialist headquartered in Salinas, has broadened its retrofit window offerings for homeowners in Monterey and surrounding areas. The company's new initiative focuses on replacing outdated windows with energy-efficient products designed to lower utility costs and improve indoor comfort. The announcement underscores growing interest in retrofit windows in Monterey, where residents are looking for practical ways to reduce energy consumption and enhance their homes.

Signature Glass & Windows, Inc.

Established in 1984, [Signature Glass and Windows provides custom glass and window solutions](#) for residential and commercial customers. Its retrofit program now features a wider range of double-pane, low-emissivity windows that meet or exceed ENERGY STAR® standards. By carefully installing new frames within existing openings, the company minimizes disruption to interiors and preserves the architectural integrity of older homes.

Core services include:

- [Retrofit and replacement windows](#): Installation of energy-efficient vinyl, fiberglass and aluminum windows that improve insulation and reduce drafts.
- Patio doors and sliding glass doors: Modern door systems with insulated glass and durable frames that seal tightly against wind and moisture.

Homeowners are increasingly aware of the environmental and financial benefits of upgrading old windows”

Steve Stewart

- Custom glass fabrication: Fabrication and installation of mirrors, shower enclosures, tabletops and specialty glass products.
- Commercial glazing: Glass storefronts and curtain walls for businesses across Monterey County.
- Skylights and solar tubes: Natural lighting solutions that reduce reliance on artificial light.

“Homeowners are increasingly aware of the environmental

and financial benefits of upgrading old windows,” said Steve Stewart, president of Signature Glass and Windows. “Replacing single-pane windows with energy-efficient models can lower household energy bills by up to 13 percent nationwide, and our retrofit approach allows clients to enjoy these savings without major construction.”

Replacing aging windows can significantly reduce heat transfer, making homes more comfortable during Monterey’s cool mornings and warm afternoons. ENERGY STAR estimates that switching from single-pane to modern, double-pane windows lowers annual household energy costs by an average of 12–13 percent. Beyond financial savings, better-insulated windows help reduce condensation and noise, contributing to healthier living environments. In communities along California’s Central Coast, where energy prices are above the national average, many homeowners are [investing in retrofit windows as part of broader sustainability efforts](#).

Homeowners interested in learning more about retrofit windows or scheduling a free consultation can contact Signature Glass and Windows at 831-754-8855 or email steve@sgwinc.net. The company’s showroom is located at 19 Quail Run Circle, Suite E, Salinas, CA 93907, and services are available throughout Monterey and Salinas.

Signature Glass and Windows, Inc. is a full-service glass and window company based in Salinas, California.
