

i-Tech Support Launches i-Tech Academy to Help Businesses Boost Cybersecurity, Embrace AI, and Build Resilience

ORLANDO, FL, UNITED STATES, September 4, 2025 /EINPresswire.com/ -- i-Tech Support, a leading provider of Managed IT, ERP, and technology consulting services, today announced the launch of i-Tech Academy—a new learning platform designed to help organizations and their employees develop the knowledge and skills needed to thrive in an increasingly digital and AI-driven world.

The launch of i-Tech Academy marks the next step in i-Tech's commitment to innovation, expanding its services beyond traditional IT and EdTech to support organizations of all kinds. Through i-Tech Academy, businesses gain access to practical training and resources designed to strengthen cybersecurity awareness, accelerate AI adoption, and build long-term digital resilience. By equipping teams with the skills and confidence to navigate today's evolving technology landscape, i-Tech Academy helps clients turn disruption into opportunity.

i-Tech Academy's core modules include:

- Responsible AI & Ethics – Guidance on AI governance, compliance, and ethical considerations.
- Cybersecurity & AI Readiness – Training employees to recognize threats and safely leverage AI tools.
- Organizational Resilience & Client Innovation – Helping businesses use AI securely to improve client outcomes and sharpen competitive edge.

i-Tech Academy is a unique offering that allows our trained educators to build on our long-standing mission of empowering clients with cutting-edge technology by teaching them how to use it effectively," said Armando Huerta, CEO of i-Tech Support. "We designed this program to help organizations stay safe and scale in a way that not only keeps up with innovation but also enables them to differentiate themselves and lead the way—confidently, securely, and responsibly."

i-Tech Academy is part of a broader suite of services i-Tech provides to support digital transformation, including Managed IT Services, Cloud ERP solutions, and Technology Consulting. By combining hands-on training with enterprise-grade solutions, i-Tech enables its clients to

streamline operations, protect critical data, and stay competitive in a rapidly changing marketplace. To explore the full program and see how your team can benefit, [click here to learn more about i-Tech Academy](#)
