

Shaker Cabinets Launches New Collection Highlighting Modern Trends in Shaker-Style Kitchen Design

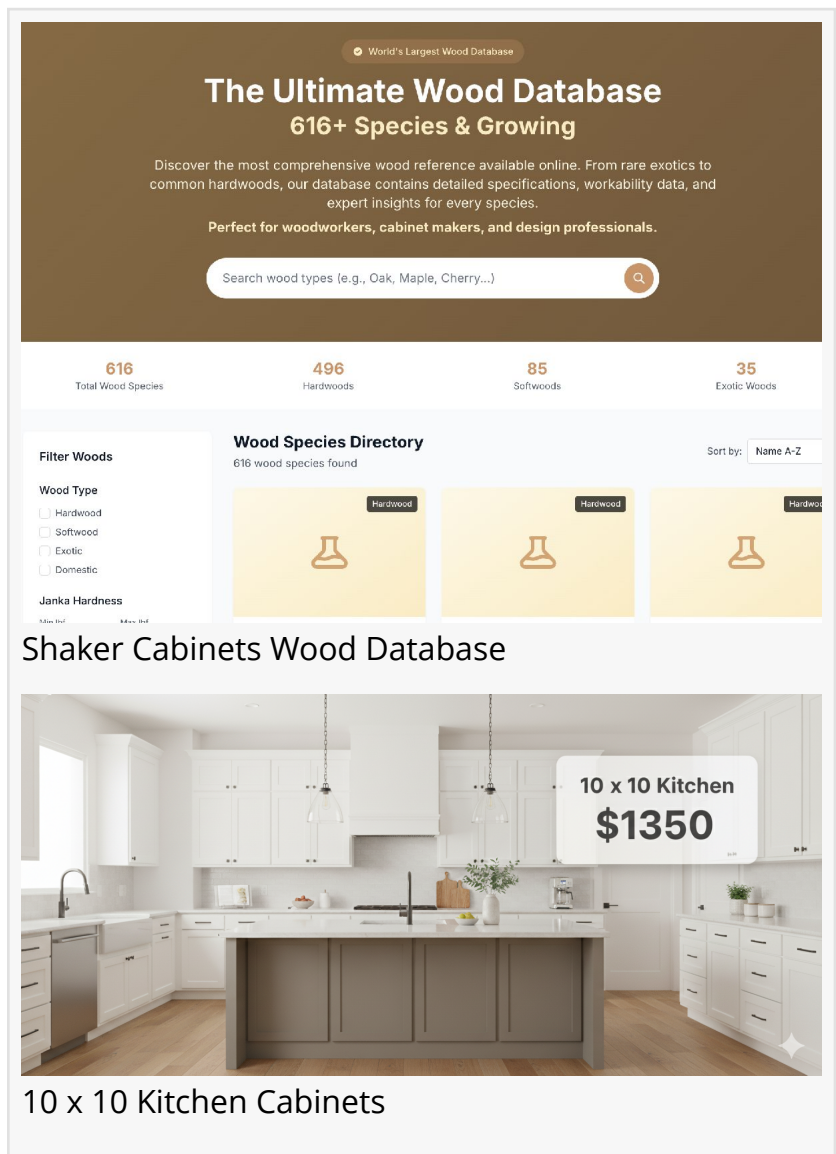

GA, UNITED STATES, September 9, 2025 /EINPresswire.com/ -- [Shaker Cabinets](#), a national leader in Shaker style kitchen cabinetry, today announced the launch of its newest cabinet collection, designed to meet the growing demand for kitchens that balance timeless craftsmanship with contemporary functionality.

The collection expands Shaker Cabinets' offerings across kitchen cabinets, RTA cabinetry, and white Shaker lines, while introducing fresh finishes and design details that reflect consumer preferences for versatile storage, natural aesthetics, and clean, modern layouts.

Meeting Shifting Design Trends

The launch comes at a time when homeowners and designers are increasingly drawn to Shaker-inspired simplicity paired with modern performance features. According to industry insights, [white Shaker cabinets](#) remain a top choice, while natural wood finishes and two-tone layouts are rising in popularity.

Shaker Cabinets' new collection incorporates these design shifts with expanded color palettes, durable finishes, and smart storage solutions, offering homeowners and professionals greater flexibility in project planning.

The screenshot displays the 'The Ultimate Wood Database' website. The header features the title 'The Ultimate Wood Database' with a subtitle '616+ Species & Growing'. Below this, a search bar prompts users to 'Search wood types (e.g., Oak, Maple, Cherry...)'. A statistics bar shows: 616 Total Wood Species, 496 Hardwoods, 85 Softwoods, and 35 Exotic Woods. The 'Filter Woods' section on the left includes checkboxes for Wood Type (Hardwood, Softwood, Exotic, Domestic) and a 'Janka Hardness' slider. The 'Wood Species Directory' shows '616 wood species found' and a 'Sort by: Name A-Z' option. Three wood sample cards are visible, each with a 'Hardwood' label and a wood grain image. Below the website screenshot, a kitchen interior is shown with white cabinets and a central island. A text overlay on the kitchen image reads '10 x 10 Kitchen \$1350'. Below the kitchen image, the text '10 x 10 Kitchen Cabinets' is displayed.

“This collection represents the next step in our mission to make Shaker-style cabinetry accessible for today’s kitchens,” said Chen Ah, CEO of Shaker Cabinets. “We’ve blended the heritage of traditional Shaker craftsmanship with updates that reflect how people live and design today.”

Key Features of the New Collection

Expanded Color Options: In addition to classic white Shaker cabinets, the line introduces natural wood tones, soft greys, and deep navy finishes.

Enhanced Storage Designs: New pantry configurations and modular base cabinets support modern kitchen layouts with efficiency in mind.

Durable Finishes: Scratch-resistant coatings and upgraded hardware extend product longevity.

RTA (Ready-to-Assemble) Options: Flexible choices for contractors and DIY homeowners alike.

These additions reinforce Shaker Cabinets’ position as a trusted resource for both large-scale remodels and smaller, design-focused projects.

Resources That Build Trust

The collection launch coincides with ongoing investments in digital resources, including Shaker Cabinets’ Wood Glossary & Database and online design calculators, which provide clarity on materials, layouts, and project costs.

These tools, combined with showroom consultation, give customers the confidence to make informed, design-driven decisions.

Showroom Access Across Four States

The new collection will be available immediately at Shaker Cabinets’ showrooms in:

Bremen, Georgia: Georgia Ave, Bremen, GA 30110

Interlachen, Florida: Keuka Road, Interlachen, FL 32148

Wellsville, Missouri: MO-19, Wellsville, MO 63384

Ontario, California: Wanamaker Ave, Ontario, CA 91761
