

# Addicting Ads Expands Ai-Powered TV Advertising Capabilities

*Addicting Ads expands strategic partnerships with renowned startup programs funded by Amazon, Microsoft, and other leading tech companies.*

DETROIT, MI, UNITED STATES, September 9, 2025 /EINPresswire.com/ -- Earlier this week, Addicting Ads announced partnerships with a range of top startup programs powered by tech giants including Amazon (AWS), NVIDIA, Microsoft, Modal, MongoDB, ElevenLabs, and Datadog.

These collaborations position Addicting Ads alongside the world's leading technology companies, providing access to advanced Ai infrastructure, scalable deployment pipelines, strong cybersecurity, and global go-to-market resources.

Addicting Ads team members pose for a photo during a retreat in Texas.

The Addicting Ads team creates some of the most cutting-edge [Ai advertisements](#) in the market. Combining generative Ai with traditional filmmaking, Addicting Ads is able to deliver [engaging TV commercials](#) that convert viewers into loyal customers. Leveraging the latest technologies, this ad agency is able to produce profitable marketing campaigns that help businesses boost their reputation & promote brand recognition.

“

We are the Pixar of ad agencies”

*Addicting Ads founder*

According to the Interactive Advertising Bureau's (IAB) [2025 Digital Video Ad Spend & Strategy Full Report](#), insiders

project that generative Ai content will power 40% of all ads by 2026. Addicting Ads is at the forefront of this Ai revolution and is destined to disrupt the industry with its scalable enterprise-grade marketing solutions that shatter the limits of traditional ad campaigns.
