

ScannX® Introduces the ScanPerfect™ MFP 1000 – The First Multi-Function Printer Designed Specifically for Libraries

PLEASANTON, CA, UNITED STATES, September 9, 2025 /EINPresswire.com/ -- [ScannX®](#), a leading developer of cloud-based book scanning solutions for libraries, today announced the launch of its ScanPerfect [MFP](#) 1000, an innovative multi-function printer that redefines how libraries and patrons interact with information.

With its patent-pending modular design, the ScannX ScanPerfect® MFP allows libraries to integrate their own printer hardware—helping reduce costs while redeploying their existing assets—or choose the MFP Pro 1000, which comes standard with a 35ppm HP color laser printer and can be upgraded to faster printers. This groundbreaking solution will be available for sale by September 15, 2025.

Transforming MFPs beyond Printing into Research & Collaboration Productivity Tools
The ScanPerfect MFP 1000 combines powerful printing with advanced cloud-based services, enabling patrons and staff to copy, print, save, translate, and share information with ease. Its 13.4" ultra-high resolution 4K touchscreen provides an intuitive interface designed for both new and experienced users.

Key features include:

- One-Touch Printing – Quick Copy for up to 99 copies.
- Perfect Prints – Auto-crop, auto-straighten, and auto-orient for flawless results.
- Digital File Printing – Print directly from USB drives or cloud storage.
- Instant File Conversion – Export to more than 10 file formats without re-scanning.
- Flexible Distribution – Send documents to 25+ destinations, including Google Drive, smartphones, tablets, printers, fax, and network folders.
- Translation Services – Supports 120+ languages for instant access to translated content.
- Handwriting Recognition – Converts handwritten notes into searchable DocX files.
- Book Scanner Integration – Easily connect a ScannX book scanner via USB.
- Accessibility Tools – Features text magnification, high contrast, and audio prompts for visually impaired users.

Flexible Offerings

- ScanPerfect™ MFP Pro 1000: Includes a 35 ppm HP color laser printer.
- ScanPerfect™ MFP 1000: Use your own printer for maximum flexibility.

“ScannX® is committed to pushing the boundaries of library digitization, and the ScanPerfect MFP 1000 is a testament to our relentless pursuit of innovation,” said Murray L. Dennis, President of ScannX®. “This enhanced MFP architecture goes beyond fast and easy printing by expanding access to AI-powered cloud services and deeper analytics through our Scanalytics™ portal, which tracks anonymous usage data to help libraries better understand patron needs.”

About ScannX®

ScannX is an award-winning provider of document and book scanning solutions, leveraging IoT technology and cloud-based services to deliver the industry’s first common user interface across book, document, photo scanners, and MFPs. With a focus on integration, accessibility, and innovation, ScannX empowers libraries to digitize, preserve, and share collections seamlessly.
