The hub combines the flexibility of [online schooling](#) with the structure and community of an in-person learning environment on KHDA-permitted premises, giving families a new way to personalise their child’s education in the UAE.

The Hybrid Hub offers full access to CambriLearn’s online platform and teacher support alongside in-person facilitation, small group sessions, and a structured day. Students can progress through International British and US curricula with live and recorded lessons, progress tracking, and specialist teacher support, while parents choose how many days per week their child attends on-site.
