

# Don't Risk Your Life When Choosing a Hair Transplant Clinic

ISTANBUL, TURKEY, September 10, 2025 /EINPresswire.com/ -- Critical Warnings from Smile Hair Clinic Founders Dr. Mehmet Erdoğan and Dr. Gökay Bilgin

As Istanbul becomes one of the most preferred destinations in the world for [hair transplant in Turkey](#), experts are warning that choosing the wrong clinic can pose serious health risks. The internationally recognized founders of Smile Hair Clinic, Dr. Mehmet Erdoğan and Dr. Gökay Bilgin, have shared important advice to help patients make safe and informed decisions.

**"If You Don't Know Your Doctor, You're at Risk"**

Co-founder Dr. Gökay Bilgin

emphasized that transparency is the first sign of a trustworthy clinic:

"Hair transplantation is a serious medical procedure. Any operation carried out without knowing who your doctor is involves risk. Patients must research the credentials and medical background of the doctors performing the procedure. At our clinic, we share full details of our doctors and medical processes with complete transparency, positioning ourselves as the best hair transplant clinic in Turkey."

**"Hair Transplants in Hotel Rooms Are Unacceptable"**

Dr. Mehmet Erdoğan stressed the importance of performing hair transplants in a fully equipped medical facility:

"Although it may seem like a cosmetic procedure, improper hair transplant practices can lead to severe health complications. Operations conducted in hotel rooms or rented offices significantly increase the risk of infection and permanent damage. We perform all procedures in our own medical facility, fully equipped to hospital standards and approved by the Turkish Ministry of Health."

## Hygiene and Emergency Protocols Are Crucial

Dr. Gökay Bilgin pointed out that using disposable tools and hospital-grade sterilization minimizes the risk of infection. Dr. Mehmet Erdoğan added that during every operation, patients' vital signs are continuously monitored, and each procedure is overseen by a licensed physician alongside an experienced nurse.

## Istanbul: The Global Hub of Hair Transplantation

Highlighting Istanbul's global reputation in this field, Dr. Mehmet Erdoğan noted:

"Thanks to affordable healthcare, internationally trained professionals, and advanced infrastructure, Turkey has become a world leader in hair transplant in Turkey. At Smile Hair Clinic, we've served patients from over 80 countries, providing not just hair restoration, but also a safe and comfortable medical experience."

## A Complete Patient Experience

Smile Hair Clinic offers advanced treatments such as Sapphire FUE hair transplantation, PRP, exosome therapy, and mesotherapy. Their all-inclusive packages feature VIP airport transfers, interpreter services, and hotel accommodation — ensuring a seamless journey from arrival to recovery. With outstanding reviews on platforms like Google Reviews and Trustpilot, Smile Hair Clinic has earned international recognition for its commitment to patient satisfaction and high-quality service.

## About Smile Hair Clinic

Based in Istanbul, Smile Hair Clinic is a globally recognized medical center specializing in hair transplantation. Founded by renowned experts Dr. Mehmet Erdoğan and Dr. Gökay Bilgin, the clinic ensures that every procedure is performed exclusively by licensed and highly experienced physicians. Adhering to strict international hygiene standards, Smile Hair Clinic is celebrated for delivering natural-looking, permanent results through innovative and patient-focused techniques, establishing its reputation as the best hair transplant clinic in Turkey.
