

ViewSonic Introduces an All-in-One 4K Direct View LED Series Designed for Professional AV Environments.

CONCORD, CA, UNITED STATES, September 9, 2025 /EINPresswire.com/ -- Creation Networks in partnership with Viewsonic has made available the new all-in-one-4k-direct-view-led displays. ViewSonic has introduced the LDP Series, a line of 4K all-in-one Direct View LED displays available in [136](#)-, 163- and [217](#)-inch sizes. The new models use chip-on-board technology to deliver smaller pixel pitches for higher image clarity, as well as improved durability and energy efficiency.

Features

4K UHD resolution with Mini LED delivers ultra-fine detail, vivid color, and deep contrast for premium visual impact

Advanced COB technology ensures enhanced durability with water, dust, and impact resistance—ideal for high-traffic professional spaces

All-in-One integration simplifies installation by combining power, control, image stitching, and display

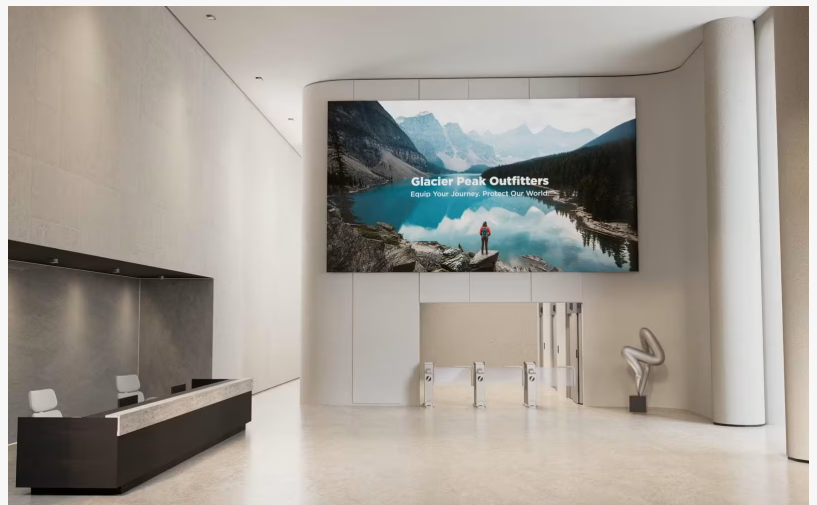

Energy-efficient design with common cathode LEDs and smart ICs reduces power consumption and supports sustainable operation

Smart collaboration tools include PIP/PBP screen-split modes, LAN control

Wireless content sharing via [ViewShare](#) and AirSync. Enjoy effortless screen sharing free from the hassle of cables or adapters with AirSync

Viewsonic LDP Series 4K all-in-one Direct View LED display

led display lobby

Designed for professional environments like boardrooms, training rooms, classrooms, lobbies, and command centers, the LDP Series features picture-in-picture and picture-by-picture modes, various wireless casting options such as ViewShare and AirSync, and integrated 60-watt speakers for crisp audio during collaborative meetings.

Let us know if you want to dive deeper or see how these displays play in real-world installs. We have examples, and we have the time.
