

# Anker Expands Nano Series With Three Portable Charging Solutions, a Top Charging Accessory Lineup for Smartphones

BELLEVUE, WA, UNITED STATES,  
September 10, 2025 /

[EINPresswire.com/](https://EINPresswire.com/) -- Anker, a global leader in mobile charging technology, today announced the launch of three new additions to its Anker Nano Series, a compact and reliable charging accessory lineup for smartphones, including the Apple iPhone, and Google Pixel. The latest Nano products are ultra-slim, portable and reliable, empowering consumers with more powerful, convenient and safer charging for a wide range of devices on the go, enabling seamless connectivity.

The expanded Nano family lineup of top charging accessories for smartphones includes:

- Anker Nano Charger (70W, 3 Ports) with USB-C Cable
- Anker Nano Charging Station (130W, 6 Ports)
- Anker Nano Charger (35W, Built-in Retractable USB-C Cable)

Anker Nano Charger (70W, 3 Ports)  
with USB-C Cable

Available in multiple eye-catching colors, including black, white, blue and pink, this palm-sized charger offers fast and efficient charging in a portable and stylish form. Power up a 14-inch MacBook Pro to 50% in 35 minutes. Details include:

- Offers 70W high-speed charging for one device in any USB-C port, 65W efficient charging for two devices or 60W charging for three devices simultaneously

The Anker logo is displayed in a large, bold, blue font. The letter 'A' is stylized with a white lightning bolt shape integrated into its left side.

Anker Nano Charger (70W, 3 Ports) with USB-C Cable

- Measuring 2.09 inches high, 1.68 inches long, and 1.24 inches wide, this compact charger is significantly smaller than standard 70W USB-C chargers and easily fits into a pocket or handbag to power devices
- Double-GaN technology reduces heat to maintain coolness of devices as the first TÜV Rheinland-certified 70W lower-temperature mini-charger
- Retail Cost: \$49.99
- Availability: September 2, 2025

#### Anker Nano Charging Station (130W, 6 Ports)

The latest ultra-slim and high-performance charging station combines reliable power output with advanced safety features. It is equipped with four USB-C ports and two USB-A ports, delivering up to 130W charging power - powerful enough to charge two 15-inch MacBook Air laptops to 50% in just 30 minutes. Key features include:

- With a thickness of just 0.7 inches, it's around the size of a smartphone, seamlessly fitting into any bag for effortless portability
- 130W total USB-C power for charging up four USB-C devices simultaneously
- ActiveShield™ 2.0 Protection performs 3 million+ daily temperature checks
- PowerIQ technology for optimized fast charging
- Retail Cost: \$59.99
- Availability: September 2, 2025

#### Anker Nano Charger (35W, Built-in Retractable USB-C Cable)

This handy charger features a sturdy grip on walls and a convenient foldable plug while allowing increased flexibility from a distance with the retractable USB-C cable. Power up an iPhone 16 to 50% in 24 minutes. Features cover:

- Conveniently charge devices by pulling the durable, built-in 2.3ft retractable USB-C cable,

Anker Nano Charging Station (130W, 6 Ports)

Anker Nano Charger (35W, Built-in Retractable USB-C Cable)

capable of over 20,000 bends and retractions

- Compact size with foldable plugs for security and ease of use
- Dual-port design allows fast charging for two devices at the same time
- Retail Cost: \$39.99
- Availability: September 19, 2025

#### Availability

The new Anker Nano products will be available on [Anker.com](https://www.anker.com) and Amazon in select markets.
