

# La Bella Introduces the Matrix® Skin Renewal Platform: A Revolutionary Approach to Skin Health

*La Bella now offers the Candela Matrix® platform, an advanced non-surgical skin renewal system for all ages and skin tones.*

MERRITT ISLAND, FL, UNITED STATES, September 10, 2025 /EINPresswire.com/ -- [La Bella](#) is proud

“

Candela consistently delivers results-driven innovation and excellent back end service. Their commitment to excellence helps us do the same for our valued guests.”

*Joseph Mandato*

to announce the addition of the [Candela Matrix®](#) platform to its comprehensive suite of aesthetic services. This groundbreaking system is redefining the future of non-surgical skin renewal with science-backed technology designed to meet the evolving skin needs of patients across all ages and skin tones.

#### About the Matrix® Platform

More than just RF microneedling, the Matrix® system is a complete skin renewal platform that redefines the approach to non-surgical aesthetic care. This all-in-one

system is built to deliver personalized treatments across multiple skin layers, targeting tone, texture, and laxity. Its advanced, real-time impedance monitoring ensures each pulse is perfectly calibrated for consistent results. By stimulating natural collagen production and adapting to each patient's unique skin concerns, Matrix® empowers La Bella to achieve visible, natural-looking outcomes with greater confidence in every treatment.

Using three complementary technologies, the Matrix® platform allows La Bella to treat diverse skin concerns across all skin layers with one treatment name, The Matrix Treatment:

**RF Microneedling:** Stimulates collagen with precision at up to three depths in one insertion for wrinkle reduction, skin tightening, and volume restoration.

**Fractional Resurfacing & Ablation:** Improves texture and tone by delivering fractionated bipolar RF energy to resurface skin and reduce fine lines and wrinkles.

**Bulk Heating:** Combines infrared and bipolar RF energies to smooth superficial and deeper dermal layers without needles or downtime.

Matrix® treatments address a wide variety of skin concerns in a single, efficient

system—boosting patient satisfaction and practice performance.

### What Makes Matrix® Different?

Matrix® reframes aesthetic care from a technology-centric narrative to an outcome-driven solution. It treats the most common concerns such as skin laxity, fine lines and wrinkles, sagging, and uneven tone while offering benefits like:

Customized treatments for all skin tones and types

Visible results with minimal downtime

Consistent and predictable energy delivery

The Matrix® platform offers preventive care for younger skin, restorative treatments for midlife concerns, and collagen-boosting renewal for more mature skin.
