SINGAPORE, SINGAPORE, September 11, 2025 /EINPresswire.com/ --

[TOKEN2049](#), the world's largest Web3 and crypto conference, announced a star-studded DJ line-up for AFTER 2049, the official closing event of this year's highly anticipated Singapore edition. Globally sought-after DJ duo [Mind Against](#) headlines the event, alongside rising European festival powerhouses Ajna & Samm known for their iconic back-to-back (B2B) sets. Taking place on 3 October 2025 at the Marina Bay Sands SkyPark Observation Deck, the night will also feature returning acts ANONM and Hong Kong's Leon (FR), along with Milam and Mo-Shi.

Open exclusively for AFTER 2049 each year, this Grand Prix weekend fixture returns on the 57th floor with exhilarating views of the Formula 1 night session. Powered by Polygon Live's immersive spatial audio – the only rooftop party in the world with a hemispherical 360° setup. Limited-capacity tickets are available now, exclusively via [Megatix](#).

"AFTER 2049 returns to the Marina Bay Sands rooftop for Grand Prix weekend - and this year we're turning it up another level," says AFTER 2049 founder Raphael Strauch. "We've built the world's only rooftop party with a spatial sound system and stacked it with a huge lineup. Mix that with Singapore's skyline and the Grand Prix atmosphere -- there's nothing else that even comes close."

Headliner Mind Against brings an emotionally rich musical palette evident by their versatility and club-forward sounds shaped by their HABITAT imprint, as well as influential labels like Afterlife and Hotflush. Their signature sound marked by melodic synths, gritty percussion, driving basslines, and powerful drums, crafts immersive journeys that have become a staple on dance floors across the globe.

Anja & Samm have become a dynamic duo in the electronic music scene, known for their high energy B2B sets and distinctive, forward-thinking productions. Their unique blend of Afro house, melodic grooves, and raw club energy has earned them widespread recognition with tracks and remixes being supported by heavyweights &ME, Rampa, and ANOTR, who have featured their music in sets across iconic venues and global festivals – solidifying Anja & Samm’s place among the next wave of forward-pushing electronic artists.

Polygon Live returns to deploy its 360° stage and spatial audio system that moves individual elements of the music around, above, and through the crowd, placing attendees “inside the mix” in a way stereo cannot. This will be the only Polygon Live production in Asia for 2025.

"It has been a dream collaborating with AFTER2049. Our teams have always shared a passion for using the latest technology and innovation to create extraordinary experiences. We're delighted to be returning to Singapore, where our cutting-edge system will make for an exquisite and unforgettable night above the city lights," commented Nico Elliott, Polygon CEO.

Widely acknowledged as one of the Grand Prix weekend's landmark events, AFTER 2049 again pairs industry networking with a tightly curated lineup and an elevated guest experience. Door gifts by IM8 will grace guests as they enter the nightlife spectacle. AFTER 2049 is the official closing event of TOKEN2049 Singapore, following two conference days happening 1-2 October.
