September 18, 2025 /

EINPresswire.com/ -- We are excited to announce the opening of our newest Bay Cities office in Blue Ash, Ohio, just outside of Cincinnati – an expansion designed with our clients' success in mind.

With offices already in Los Angeles, California and Bentonville, Arkansas, Cincinnati's strategic location further strengthens our [national footprint](#) by placing us in the Eastern Time Zone, enhancing our ability to service clients across all U.S. time zones efficiently.

This proximity enables faster response times, same-day customer visits when necessary, and expedited prototype delivery – often same-day or next-day.
