Delmarva Peninsula – Funfull is reminding families in Delmarva that fall brings more than changing leaves. With the FunPass membership, parents and children can enjoy seasonal traditions like roller skating while also having access to movies, trampoline parks, and arcades.

“

I've always believed that strong family bonds are made over shared activities and adventures. After all, the essence of family bonding is the time you spend together.”

This autumn, two community favorites stand out. Skateworld in Laurel, Delaware, located at 28393 Seaford Road, is a family-owned roller rink known for public sessions, birthday parties, and themed skate nights. The venue also hosts special events such as homeschool days and sensory-friendly skates.

Meanwhile, Dover Skating Center, at 2201 S. DuPont Highway in Dover, offers families open skating sessions, lessons, birthday packages, and themed family nights - programs like local events that make it a staple for active

family fun throughout the season.

“Autumn brings families back into routines, but it also creates space for new traditions,” said Vishal Patel, CEO and Founder of Funfull. “Skating at Skateworld or Dover Skating Center is a simple, timeless activity-and a FunPass makes it easier for parents to include those outings in their plans.”

The FunPass is designed to simplify family entertainment in every season. By bundling access to local favorites with well-known national partners, Funfull gives members the flexibility to enjoy activities without the stress of last-minute planning or high costs.

Funfull’s network extends across seven states-Delaware, Maryland, Virginia, Pennsylvania, Illinois, Idaho, and Missouri-and includes national names such as Chuck E. Cheese, Altitude Trampoline Park, Hersheypark, Regal Cinemas, AMC, and Cinemark.

“Every season is a chance to create memories together,” Patel added. “Whether it’s roller skating in the fall, ice skating in the winter, or indoor play on a rainy spring weekend, a FunPass makes sure families always have options to connect.”
