

Kunik Orthodontics Offers Tailored Adult Orthodontic Treatments to Meet Diverse Needs in Austin

AUSTIN, TX, UNITED STATES,
September 11, 2025 /

EINPresswire.com/ -- Adult orthodontics is often misunderstood. Many assume braces are just for teenagers, or that clear aligners aren't an option if teeth are particularly crowded. [Kunik Orthodontics Austin](#) is aiming to change that perception by providing adult patients with personalized treatment options that balance aesthetics, function, and comfort.

Dr. Randy Kunik works closely with each patient to develop a plan that may include Invisalign, traditional braces, or a hybrid approach that combines both. These solutions are designed to address not only tooth alignment but also bite issues, gaps from missing teeth, and even implant-related adjustments. By tailoring treatments to each individual, patients are more likely to see lasting results without unnecessary disruption to their daily lives.

Adult Treatment Options at [Kunik Orthodontics](#)

Adult Invisalign: Clear aligners that allow patients to straighten their teeth discreetly, often preferred by professionals or those concerned about aesthetics.

Adult Braces: Metal or clear brackets remain a strong option for more complex cases where precise tooth movement is critical.

Adult Hybrid Approach: For patients previously told they weren't candidates for Invisalign, this combination allows almost anyone to benefit from a nearly invisible treatment plan.

Beyond straightening teeth, treatments often include bite correction with elastic wear, space adjustments for implants, and the use of pontics to maintain a natural-looking smile throughout the process. Private treatment rooms offer patients a comfortable environment where they can relax during appointments, which may make the experience less intimidating than some expect.

About Kunik Orthodontics

Dr. Randy Kunik and his team have helped over 17,000 patients in Austin achieve healthy, confident smiles. The practice emphasizes patient-focused care, with private treatment rooms, equal pricing for Invisalign and traditional braces, and flexible payment plans starting at \$150/month. Early consultations are offered at no cost, giving patients a chance to explore options and ask questions in a low-pressure setting.
