Expands to Denver, CO with New Office
Offering Full MEP Services and [Cascade](#)
[Process Controls](#)

Mako Industries announces the opening of its new Denver, Colorado office, continuing its national expansion as a premier provider of mechanical, electrical, and plumbing (MEP) services. The Denver location also introduces Cascade Process Controls, delivering advanced automation, controls, and instrumentation solutions to the Rocky Mountain region.

“Our Denver expansion allows us to bring Mako’s integrated service offerings to a fast-growing market,” said Steve Lykins, President and Founder of Mako Industries. “We combine full-scope MEP capabilities with the advanced expertise of Cascade Process Controls, ensuring our clients have access to complete, reliable services throughout the project lifecycle.”

Mako’s services in Denver include:

- Mechanical Systems: High-efficiency HVAC solutions, equipment installation, and system optimization.
- Electrical Systems: Power systems, lighting, backup generation, and electrical safety compliance.
