

# Restoring Excellence: Fides Restoration Awarded 2025 Best of Florida Regional Award

JUPITER , FL, UNITED STATES, September 25, 2025 /EINPresswire.com/ -- Fides Restoration, a local veteran-owned and operated property restoration company, has been named a 2025 Best of Florida Regional Award winner. Specializing in mold remediation, water and fire damage restoration, odor treatments, viral disinfection, biohazard cleanup, and more, Fides Restoration has earned a reputation for exceptional service in an industry often criticized for its lack of transparency and consistency.

Founded by Chance Carrick, a West Point graduate and Army veteran, Fides Restoration stands apart by combining military discipline with a deep commitment to customer care. The company's comprehensive restoration services address some of the most challenging property issues—ranging from water damage and mold to biohazard situations like unattended death cleanup. What truly differentiates Fides Restoration, however, is their focus on clear communication, reliability, and treating every home or business with respect.

"Our mission has always been to restore more than just property," said Chance Carrick, owner of Fides Restoration. "We want our clients to feel confident and cared for throughout what is often a stressful process. This award reflects our team's dedication to integrity and quality, and we're proud to bring that standard to communities across Florida."

The Best of Florida Regional Award is a significant milestone for Fides Restoration, highlighting its steady growth and community impact. As they look toward the future, the company remains focused on expanding services while maintaining the personalized approach that earned them this recognition. For homeowners and business owners facing property challenges, Fides Restoration offers a trusted partner in recovery and renewal.
