## Industry Leadership Recognized

Mr. Jeff, prominent leader within Vancouver's RV community, addressed attendees during opening remarks, stating: "RV and yacht living transcends mere travel—it represents a fundamental lifestyle choice that demands exceptional equipment reliability and efficiency."

The event featured comprehensive product demonstrations, technical presentations, and interactive engagement activities that highlighted FOTILE's commitment to addressing the unique challenges of

mobile kitchen environments.

### Product Innovation Takes Center Stage

Two flagship products dominated attendee attention and generated significant interest:

#### In-Sink Dishwasher Series:

- Revolutionary top-loading design optimizes space utilization in compact kitchens
- Industry-leading 15-minute wash cycle with water consumption as low as 1.6 gallons
- Advanced sanitization technology achieving 99.99% bacterial elimination
- Innovative produce and seafood cleaning functionality removes over 90% of pesticide residues
- Engineered specifically for RV and yacht applications

#### Countertop Steam-Combi Oven:

- Multifunctional design integrating steam, convection, air frying, and dehydration capabilities
- Compact footprint maximizes counter space efficiency
- Professional-grade performance delivering restaurant-quality results

### Market Response and User Validation

Interactive demonstrations allowed attendees hands-on experience with FOTILE's technology, resulting in consistently positive feedback across multiple user demographics.

Testimonial from Experienced RV Owner: "Dishwashing remains the most significant operational challenge during extended travel. FOTILE's In-Sink Dishwasher addresses this with remarkable efficiency—15-minute cycles, minimal water consumption, and exceptional cleaning performance. This technology represents a genuine breakthrough for our community."
