

Little Rock Medical Assistant School Announces Fall Opening for New Healthcare Training Program

Little Rock Medical Assistant School is excited to announce the expansion of its program, opening October 2025.

LITTLE ROCK, AR, UNITED STATES,
September 15, 2025 /

EINPresswire.com/ -- Little Rock Medical Assistant School is excited to announce the expansion of its program, opening October 2025. This accelerated medical assistant program offers students in Little Rock, Arkansas, a direct path into the healthcare field, combining classroom instruction with hands-on clinical training. The school will be located at 2300 Andover Ct Ste 400 Little Rock, AR.

"Our goal is to provide students with an affordable and practical way to enter healthcare while meeting the growing need for medical assistants across Little Rock," said Holly Capuano, Little Rock Medical Assistant School Program Manager.

The program features small class sizes, flexible scheduling, and real-world training opportunities. Students participate in onsite labs and complete a clinical externship, ensuring they graduate with both the knowledge and the experience needed to succeed. With an accelerated curriculum, students are able to complete their training in just a few months and begin working in the field.

One of the program's central priorities is affordability. Students are offered flexible payment plans and the chance to graduate debt-free, saving thousands compared to traditional college programs. By removing financial barriers, Little Rock Medical Assistant School helps more students take advantage of career opportunities in healthcare.

The curriculum is designed to give students a well-rounded education, covering medical terminology, anatomy and physiology, patient care, and laboratory skills, as well as administrative training in billing, coding, and electronic health records. Graduates leave the program prepared for both clinical and front-office responsibilities in a variety of healthcare environments.

“We’re thrilled to bring our program to Little Rock,” said Chris Lofton, CEO of [Zollege](#). “By offering an accessible, hands-on approach to training, we’re helping students achieve their career goals while also supporting the healthcare needs of their community.”

Upon certification, graduates will be prepared to apply for medical assistant roles in hospitals, physician practices, and clinics across the Little Rock area.
