

Whoop Mobile launches new prepaid unlimited wireless plan to 'Battle Big Wireless.'

Whoop Mobile goes against big wireless by offering a "True" \$25/mo Unlimited Wireless and Data Plan without the prominent 100-150% bill increase after 90-days.

INDIAN HARBOUR BEACH, FL, UNITED STATES, September 16, 2025 /EINPresswire.com/ -- Whoop Mobile, a brand new wireless

telecommunications company based in Brevard County, Florida, is ready to take over the wireless world and bring back customer satisfaction with true prepaid unlimited plans for just \$25 per month. With so many wireless companies popping-up, 2025 has seen nasty trends with contract wireless

Corporate Logo

“

With so many providers changing their rates, there's no wonder so many people are posting and sharing discontent, that's why we're here- That's why we offer a true solution to these deceptive offers.”

David Kinsler

leaving customers held hostage, surprise hidden fees, and introductory promotions used to deceive customers to join their “Unlimited” plans across the board. Whoop Mobile was launched this year to not just battle the big wireless, but to offer big savings to their customers on a monthly basis- with No Contracts, No Hidden Fees, and No Monthly Increases. Ever.

Within this ever-changing economy, consumer goods inflation, and the competitive wireless landscape growing,

Whoop Mobile is also offering limited data packages with unlimited text and talk prepaid plans for just \$5.00 per/mo.

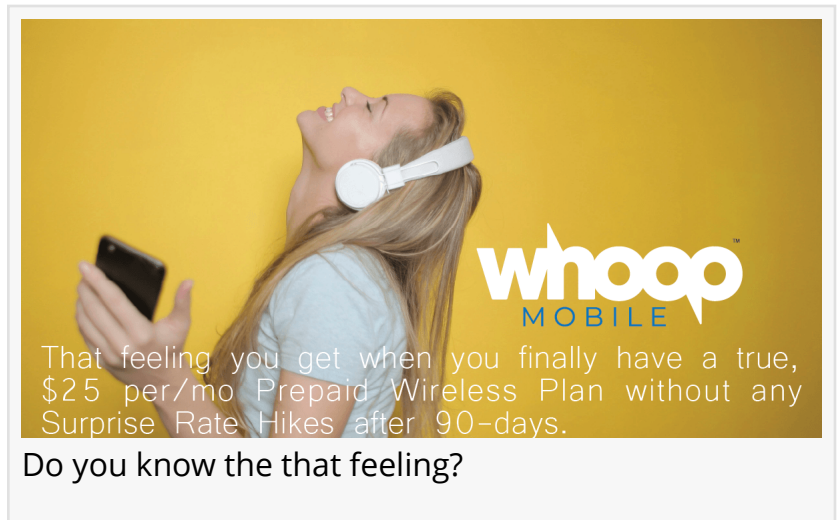

Trends are showing a growing market of people switching to “Dumb Phones” (Cellular devices with limited functionality),

who use their phones for calls and texts only. Whoop Mobile was one of the first companies to

offer such a low-cost option which allows new customers to pick their own price.

With the ongoing and oversaturation of sketchy and deceptive wireless plans flooding social media and streaming services today, Whoop Mobile is holding onto the essential formula for wireless customer growth and satisfaction with

“Transparent,” and true advertising conversations. David Kinsler, Whoop Mobile Creative and Marketing Director, clearly supports their advertising road map and stated:

An advertisement for Whoop Mobile. It features a woman with long blonde hair, wearing white headphones and holding a black smartphone, looking upwards with a smile. The background is a solid yellow. The Whoop Mobile logo is in the top right corner. Below the logo, the text reads: "That feeling you get when you finally have a true, \$25 per/mo Prepaid Wireless Plan without any Surprise Rate Hikes after 90-days." At the bottom of the ad, it says "Do you know the that feeling?".

That feeling you get when you finally have a true, \$25 per/mo Prepaid Wireless Plan without any Surprise Rate Hikes after 90-days.

Do you know the that feeling?

“With so many providers to choose from, there’s no wonder so many people are posting and sharing their discontent, dissatisfaction and legit anger on socials these days. People are getting scammed with supposedly \$10 and \$15 per/mo intro-unlimited plans, only to see their bill increase 100-150% after 90-days, all while being held hostage in a 12-month contract. That’s why we’re here... That’s why Whoop Mobile is standing-up and committed to offering an honest and true solution to these deceptive offers.”

While Whoop Mobile continues to build their online presence through aggressive social media platform advertising campaigns, the story and message will continue to reflect their mission and business goals to offer affordable wireless freedom, exceptional customer service, and quality reception on one of America’s largest and most trusted 5G networks while offering all customers a 7-day money back guarantee.

About Whoop Mobile

Whoop Mobile was inspired and evolved from it’s associate company, Whoop Connect, Inc., which solidified it’s powerful presence in North America by becoming one of the most successful privately-owned telecommunications companies that serviced over 500,000+ American citizens--- all approved for free internet services via the Affordable Connectivity Program and the Federal Communications Corporation.

Whoop Mobile is the fresh, fearless prepaid wireless brand disrupting the industry with affordable, customizable, and contract-free prepaid wireless plans starting at \$5 per/mo., and unlimited plans at just \$25 per/mo., all being serviced on one of America's largest 5G networks.

Whoop is rewriting and revolutionizing the rules of wireless, one user at a time. Whoop Mobile Video Announcement can be also be watched by clicking the link below. Video Link:
