

Lydonia to Spotlight the Future of AI and Contract Lifecycle Management at Workday Rising 2025

WESTWOOD, MA, UNITED STATES,
September 15, 2025 /

EINPresswire.com/ -- Lydonia, a premier business transformation firm focused on [AI automation](#), today announced it is sponsoring Workday Rising 2025, taking place September 15–18 at the Moscone Center in San

Francisco. As part of its sponsorship, Lydonia will be featured in the Workday Ventures Innovation Zone, where the company will highlight how AI Automation is transforming contract lifecycle management and enterprise workflows.

Lydonia Logo

This sponsorship builds on the Workday Ventures investment in Lydonia, announced earlier this year, which underscores Workday's confidence in Lydonia's expertise and market leadership. Together, Lydonia and Workday are helping customers modernize operations, with a strong focus on [Contract Lifecycle Management \(CLM\)](#). Lydonia's partnership with Evisort by Workday has already delivered measurable results for enterprises seeking to improve efficiency, accuracy, and governance across contract processes.

Lydonia will participate in the following sessions at Workday Rising:

AI and Contract Management: The Art of the Possible

Todd Foley, Chief Digital Officer & CISO, Lydonia

Wednesday, September 17, 12:30 – 12:50 pm PDT

Explore how organizations can harness AI to drive contract intelligence, streamline approvals, and unlock new levels of agility.

Braindate: Driving Organizational Change – Strategies for Agile Transformation

Todd Foley, Chief Digital Officer & CISO, Lydonia

Thursday, September 18, 9:00 am PDT

An interactive discussion on how to approach organizational change to accelerate technology adoption and business transformation.

"Workday Rising is where the future of enterprise technology is being shaped," said Kevin

Scannell, Founder & CEO of Lydonia. "We're proud to sponsor this year's event and share how our collaboration with Workday and Evisort is advancing contract lifecycle management and helping customers realize the potential of [Agentic Automation](#)."
