What Are The Key Factors Driving Growth In The Cosmetovigilance Market?

The expanding use of cosmetic products is anticipated to fuel [the growth of the cosmetovigilance market](#) in the coming years. Cosmetics, which are products applied to the human body to clean, enhance beauty, alter appearance, or nurture skin or hair health, contribute significantly to this trend. Cosmetovigilance plays a crucial role in offering insights into the quality of cosmetic goods by examining their safety levels. Consequently, as cosmetic usage escalates, so does the demand for the cosmetovigilance market. For instance, Global Cosmetic Industry reported in April 2023 that U.S. premium beauty sales, managed by a US-based firm specializing in beauty and personal care, saw a 16% annual increase, achieving a revenue of \$6.6 billion. Thus, the escalating use of cosmetics is steering the growth of the cosmetovigilance market.

What Are The Top Players Operating In The Cosmetovigilance Market?

Major players in the Cosmetovigilance include:

- PharSafer Associates Ltd.
- Zeincro GmbH
- Skill Pharma Limited
- ClinChoice Inc.
- Poseidon Clinical Research Organization GmbH
- AxeRegel AG
- Freyr Solutions LLC
- OC Vigilance SAS
- Pure Drug Safety Inc.
- Société Générale de Surveillance

What Are The Major Trends That Will Shape The Cosmetovigilance Market In The Future?

The rise in government regulations is a notable [trend in the cosmetovigilance market](#). An example of this is the Modernization of Cosmetics Regulation Act of 2022 (MoCRA) passed in December 2022. MoCRA, a significant U.S. legislation, marks the largest growth in the Food and Drug Administration's (FDA) authority to oversee cosmetics since the enactment of the Federal Food, Drug, and Cosmetic (FD&C) Act of 1938. The law introduces new obligations on the cosmetic sector such as mandatory reporting of adverse events, facility enrollment, and product listing. The intent of MoCRA is to bolster consumer safety by compelling responsible parties to report adverse occurrences quickly and keep records that substantiate safety. The FDA will formulate regulations related to Good Manufacturing Practice, fragrance allergen labelling, and the detection of asbestos in talc-based cosmetic goods. The law makes allowances for some small enterprises and brings forth a Voluntary Cosmetic Registration Program. The FDA has conducted a webinar to discuss the crucial terms and provisions of MoCRA, underscoring its dedication to executing and maintaining compliance with the new obligations.
