background-checked guardians and caregivers. Her project was noted for its originality, practicality, and potential to make guardianship more transparent, accessible, and supportive.

Carter Daly (Ohio) – honored for his project, Carter's Crew, a nonprofit home repair program for elderly homeowners. His initiative to provide ramps, roofs, and essential safety modifications impressed judges with its clarity, impact, and direct approach to helping seniors remain safe in their homes.

The selection committee noted that choosing only two winners was a very difficult decision, as there were many strong, thoughtful, and inspiring applications. We sincerely appreciate every applicant who took the time to share their vision, and we encourage all participants to watch for updates and reapply in the next scholarship cycle.

The Building Bonds™ Scholarship was created to encourage solutions in areas such as [probate law, estate planning, guardianships, and elder care](#). Each recipient will receive a \$500 award to support their educational and professional development goals.

"This program represents our belief that small, focused investments in people with vision can create lasting impact in families and communities," said Phil Pavarini, Founder of ProbateCourtBond.com and Scholarship Committee Chair.
