

Dr. Guozhen Liu Brings Back the Doctor-Patient Relationship in Bellevue

Welcomes Mandarin- and English-speaking Patients to New Concierge Practice

BELLEVUE, WA, UNITED STATES, September 15, 2025 /EINPresswire.com/ -- For many Bellevue residents, primary care has become defined by long waits and rushed, impersonal visits. Dr.

“

Taking the time to really listen is at the heart of family medicine. My goal is to bring that back to every patient I see.”

Dr. Guozhen Liu, founder, VIP Family Medicine

Guozhen (Ken) Liu is changing that reality with a new family medicine clinic designed to bring back the time and attention patients deserve.

“At [VIP Family Medicine](#), every patient is truly a VIP,” says Dr. Liu. “Taking the time to listen and understand patients is the heart of family medicine. Unfortunately, that has nearly disappeared in traditional practices. My goal is to restore that relationship so patients always feel heard, understood, and well cared for.”

Dr. Liu’s practice offers same-day or next-day appointments for acute concerns, direct after-hours availability for urgent issues, and extended visits lasting 30–60 minutes with an emphasis on proactive, preventive medicine. The concierge model intentionally limits enrollment numbers to create space for meaningful, unhurried conversations between doctor and patient.

One patient recovering from a stroke shared, “You took the time to really dig into the roots of what was happening... without a doubt you saved me from years of worsening medical issues, including early death.” Another added, “It’s the first time a doctor truly listened and made me feel heard.”

Fluent in both Mandarin and English, Dr. Liu is deeply connected to Bellevue’s multicultural community. His practice welcomes patients of diverse ages and backgrounds, ensuring culturally sensitive care is made available to all.

[VIP Family Medicine Clinic](#) is currently [accepting new members](#). The practice is located at 15650 NE 24th Street, Suite B, Bellevue, WA. For more information, call 425-247-3137 or visit the clinic website.
