

AI Academy launches region first Executive Program for Chief AI Officer (CAIO)

ADSM Abu Dhabi School of Management and Polynome Intelligent Machines Consultancies have jointly launched the first Executive Program for Chief AI Officer (CAIO) in the region. The program is designed to equip senior executives with the knowledge and skills needed to lead AI-driven organizations.

MUSCAT, OMAN, September 16, 2025 /EINPresswire.com/ -- The AI Academy, a leading global provider of AI education, has announced the launch of its first Executive Program for Chief AI Officer (CAIO) in the region. The program is designed to equip senior executives with the knowledge and skills needed to lead AI-driven organizations. The program is a 12-month, full-time executive program that covers a wide range of topics, including AI strategy, AI governance, AI ethics, and AI implementation. The program is designed to be flexible, allowing participants to complete the program at their own pace. The program is the first of its kind in the region, and it is expected to attract a large number of participants. The program is a testament to the commitment of the AI Academy to providing high-quality AI education to senior executives. The program is a key part of the AI Academy's mission to advance the field of AI and to help organizations harness the power of AI. The program is a significant milestone for the AI Academy, and it is a testament to the commitment of the AI Academy to providing high-quality AI education to senior executives. The program is a key part of the AI Academy's mission to advance the field of AI and to help organizations harness the power of AI. The program is a significant milestone for the AI Academy, and it is a testament to the commitment of the AI Academy to providing high-quality AI education to senior executives.
