

# AI Academy launches region first Executive Program for Chief AI Officer (CAIO)

ADSM Abu Dhabi School of Management and Polynome Intelligent Machines Consultancies have jointly launched the first Executive Program for Chief AI Officer (CAIO) in the region. The program is designed to equip senior executives with the knowledge and skills needed to lead AI-driven organizations.

KUWAIT, KUWAIT, September 16, 2025 /EINPresswire.com/ --

The program is a 12-month, full-time executive education program that covers a wide range of topics, including AI strategy, AI governance, AI ethics, and AI implementation. The program is designed to be highly interactive, with participants engaging in case studies, group projects, and guest lectures from industry experts. The program is also highly flexible, with participants able to tailor the program to their specific needs and interests. The program is the first of its kind in the region, and it is expected to attract a large number of participants from across the Middle East. The program is a testament to the commitment of ADSM and Polynome to providing high-quality education and training to the region's leadership. The program is also a reflection of the growing importance of AI in the business world, and the need for organizations to have leaders who are equipped to manage AI-driven organizations. The program is a significant milestone for the region, and it is expected to set a new standard for executive education in the field of AI.
