

AI Academy launches region first Executive Program for Chief AI Officer (CAIO)

MANAMA, BAHRAIN, September 16, 2025 /EINPresswire.com/ -- The AI Academy, a leading global provider of artificial intelligence (AI) education and training, has announced the launch of its first Executive Program for Chief AI Officer (CAIO) in the Middle East region. This program is designed to equip senior executives with the skills and knowledge needed to lead AI-driven organizations and drive digital transformation.

MANAMA, BAHRAIN, September 16, 2025 /EINPresswire.com/ -- The AI Academy, a leading global provider of artificial intelligence (AI) education and training, has announced the launch of its first Executive Program for Chief AI Officer (CAIO) in the Middle East region. This program is designed to equip senior executives with the skills and knowledge needed to lead AI-driven organizations and drive digital transformation.

The program, titled "Executive Program for Chief AI Officer (CAIO)", is a comprehensive 12-month course that covers a wide range of topics, including AI strategy, AI governance, AI ethics, AI security, and AI implementation. The program is designed to be flexible, allowing executives to complete the course at their own pace and on their own schedule.

The program is developed by The AI Academy, a leading global provider of artificial intelligence (AI) education and training. The Academy has a proven track record of providing high-quality AI education and training to individuals and organizations around the world. The Academy's programs are designed to be practical and relevant, focusing on the real-world challenges and opportunities of AI.

The program is a response to the growing demand for AI expertise in the region. As organizations increasingly rely on AI to drive their operations, the need for senior executives with AI expertise is growing. The AI Academy's Executive Program for Chief AI Officer (CAIO) is the first of its kind in the Middle East region, and it is expected to attract a large number of participants.
