EINPresswire.com/ -- Rodney POWELL,
an independent Medicare insurance
broker, is offering complimentary
educational workshops on Medicare
Part D prescription drug plans to

senior groups at churches across Texas. These sessions aim to provide clear, non-promotional information to church leaders, senior ministry coordinators, and Medicare-eligible seniors, helping them navigate prescription drug coverage in a straightforward manner. As an

“

These church workshops equip seniors with an understanding of Medicare Part D prescription drug strategies, helping them with insights and options in a supportive environment, with no pressure.”

independent broker, POWELL focuses on education without recommending specific plans or providing quotes.

The workshops are designed to fit seamlessly into church senior luncheons and other events, emphasizing community support and respect for participants' needs. Topics are explained in plain English, with simple definitions for terms like formularies (lists of covered medications organized by cost tiers), Part D phases, and alternative strategies to maximize prescription drug savings. Attendees learn about enrollment timelines, such as the Annual Enrollment Period from October 15 to

December 7, when individuals can review and switch plans.

In Texas, where pharmacy networks can vary between rural areas with fewer options and urban centers with broader access, the sessions highlight how plan availability differs by carrier, zip code, pharmacy preferences, and formulary details. Workshops are educational only, with no

cost or obligation, and are not affiliated with or endorsed by Medicare, the Centers for Medicare & Medicaid Services (CMS), the Department of Health and Human Services (HHS), or any government agency.

Who Should Attend

These workshops are ideal for Medicare-eligible seniors, caregivers, church senior ministry coordinators, and leaders organizing events for elderly adults. Whether in rural Texas communities with limited pharmacy access or urban areas with more options, the sessions provide practical insights tailored to group settings like luncheons or fellowship gatherings.

What Attendees Learn

Participants gain a foundational understanding of Medicare Part D, including:

- Enrollment timelines and the importance of annual plan reviews to account for changes in medications or costs.
- Formularies and drug tiers, which categorize medications by copayment levels.
- Preferred pharmacies that may offer lower costs for certain plans.
- How catastrophic coverage provides relief for high-expense drugs.
- Basics of prior authorization (approval needed for some medications), step therapy (trying lower-cost options first), and the appeals process.

FAQ

What is Medicare Part D, and why attend a workshop in Texas?

Medicare Part D covers prescription drugs through private plans. Workshops explain basics like enrollment periods and varying pharmacy networks in rural versus urban Texas areas, helping seniors prepare.

How do formularies and drug tiers work?

Formularies list covered drugs; tiers group them by cost (e.g., lower tiers for generics). Availability varies by carrier, zip code, pharmacy, and formulary.

Are these workshops free and sales-free?

Yes, they are complimentary, educational only, with no obligation, sales, or inducements.

How can our Texas church book a workshop?

Go to <https://medicarevideoguide.com/invite-rodney/> or call 281-251-888 to request a date — flexible statewide.
