

Inkslab by Hdl Automation Co., Ltd. Wins Platinum in A' Smart Home Technology Awards

Hdl Automation Co., Ltd.'s Innovative Control Terminal Recognized for Excellence in Smart Living Design

COMO, CO, ITALY, September 17, 2025 /EINPresswire.com/ -- [Hdl Automation Co., Ltd.](https://www.hdlautomation.com) has been announced as a winner of the highly respected A' Design Award in the [Smart Living](#) and Home Automation Design category for their exceptional work, "Inkslab." The A' Design Award is a prestigious recognition within the design industry, celebrating innovative and forward-thinking designs that push the boundaries of their respective fields.

The Platinum A' Smart Living and Home Automation Design Award is particularly relevant to the evolving needs and trends within the smart living industry. As consumers increasingly seek seamless integration of technology into their homes, designs like Inkslab demonstrate the potential for enhancing daily life through intelligent, user-centric solutions. This recognition highlights the importance of innovative design in shaping the future of smart living.

Inkslab stands out for its unique fusion of eastern aesthetics with modern minimalism. By incorporating elements of traditional Chinese perforated windows and meticulously arranging the control features, the design achieves a harmonious balance of individuality and practicality. This distinctive approach sets Inkslab apart in the market, offering users a control terminal that is both visually appealing and highly functional.

The Platinum A' Design Award serves as a testament to Hdl Automation Co., Ltd.'s commitment

to pushing the boundaries of smart home technology design. This recognition is expected to inspire the company's future projects, driving further innovation in the field of smart living solutions. As an industry leader, Hdl Automation Co., Ltd. is well-positioned to continue shaping the landscape of home automation with their cutting-edge designs.

Project Members

Inkslab was designed by a talented team at Hdl Automation Co., Ltd., including Yinyan Zhong, Jing Liang, Wenbin Chen, Daying Gao, Dongchang Li, and Xiujuan Chen, each contributing their expertise to create this award-winning control terminal.
